Place	ECAL		

Skills targeted General learning objectives	Research and in-depth knowledge related to contemporary photographic creation, the development of new ways of capturing images, and the effective use and development of the medium of photography.		
Teaching content and form	Self Initiated Project (6 x 8 periods): in view of the diploma project, students develop or continue a freely chosen art project throughout the semester and regularly submit this to the critique and advice of the professor. The visual and formal experiments are presented as objects, installations, websites, VR projects and/or in print.		
Forms of assessment and validation	A jury will assess projects undertaken at the end of the semester. The assessment may take students' regular attendance at classes and lectures into account. To obtain credits, students must obtain a mark of at least 4.		
Remedial teaching	Possibility of remediation by completing a project taking into account the observed shortfalls. Module repeated in the academic year following a fail mark, according to procedures to be agreed with the director of the module. No remediation possible after repeating the module.
