Place	ECAL		

Skills targeted General learning objectives	Through interdisciplinary lectures and an assignment, the course exposes students to artistic fields closely connected to their future practice, broadening their frame of reference and encouraging an interdisciplinary approach to their work.		
Teaching content and form	During a cycle of lectures, the different teachers of the Master's degrees and invited guests speak about their specific subjects and practices as researchers and students have the chance to present their fields of research.		
Forms of assessment and validation	Assessment will be organized by the professors at the end of the semester. The assessment will be based on the outcome of a final assignment and the student's regular attendance to lectures. The student must achieve a minimum grade of 4 to obtain credits.		
Remedial teaching	If a student receives a failing grade, but not below 3.5, he/she can present additional work to correct the shortfall. In the event of a grade below 3.5, the student must repeat the module the following academic year, in accordance with procedures agreed to with the head of the module. There is no remedial measure after repetition of the module.
