Skills targeted General learning objectives	This module aims to equip students with specific skills and abilities in the field of typography and type design, by developing techniques inherent in the graphic design of letters - calligraphy, lettering, construction, digital design, scripting and the development of fonts.		
Teaching content and form	This module consists of three workshops on typeface design: a) Revival: development of a personal methodology and style in reinterpreting historical sources. a) Calligraphy: Calligraphic training around rhythm and structure of letterforms, and the coherence of a character set. c) Workshop: Formal experimentations during a workshop week.		
Forms of assessment and validation	At the end of the semester, projects undertaken will be assessed by a jury made up of the professors from the MA Type Design program. The assessment may take students' regular attendance at classes and lectures into account. To obtain credits, students must obtain an average mark of at least 4.		
Remedial teaching	Remediation is possible by working to make good observed shortfalls. Module repeated in the academic year following a fail mark, according to procedures to be agreed with the director of the module. No remediation possible after repeating the module.
